Kids' Walls

Little Adventures

Mit digital gedruckten Kindertapeten kann die Atmosphäre kreativ und gefühlvoll gestaltet werden. Kids' Walls verwandelt blitzschnell jedes Kinderzimmer in einen verträumten Wald, lebendigen Dschungel, endlosen Himmel oder in eine verspielte Tierwelt.

Die Farben reichen von lieblich über frisch und lebendig bis hin zu neutral und wohnlich.

Mit Kinder-Bordüren ist eine einfache und schnelle Veränderung mit wenig Aufwand möglich. Zudem bieten All-Over-Designs auf einer Wand im Kinderzimmer einen eindrucksvollen Blickfang. Die Kombination von Uni-Tapeten mit Bordüren oder All-Over-Designs ermöglichen zahlreiche Arrangements. Darüber hinaus können die Unis als zeitlose und dezente Lösung auch gesondert tapeziert werden. Besonders beeindruckend sind die großflächigen Wandbilder. Diese zaubern atemberaubende Welten an die Wand.

Die Verarbeitung der Digitaldrucke ist einfach. Alle Bahnen haben eine handliche Breite von 0,53 m und können in Wandklebetechnik kinderleicht angebracht werden: Fläche einkleistern, Tapeten einlegen, andrücken – fertig.

Alle Produkte sind hoch waschbeständig, UV-beständig und werden mit lösemittelfreien Farben aufgebracht – für ein wohngesundes Raumgefühl.

Alle mit * gekennzeichneten Produkte entsprechen der Produktqualität des Musters in der Karte.

Digitally printed children's wallcoverings can be used to create an atmosphere inventively and sensitively. Kids' Walls instantly transform any child's bedroom into a fantastic forest, lively jungle, infinite sky or playful animal world.

The colours range from cute and pretty through fresh and lively to neutral and cosy.

A simple, fast transformation can be achieved with very little work using children's borders. In addition, all-over designs on one wall in the nursery act as an eye-catching focus. The combination of wallcoverings in one shade with borders or all-over designs offers a wealth of possibilities. Single shades can also be used separately for a subtle, timeless look. The large-scale wall images are particularly impressive, conjuring up breath-taking worlds across the wall.

Applying the digital prints is easy. All the lengths have a handy width of 0.53 m and can easily be applied using the wall adhesion technique: Apply adhesive to the surface, position wallcoverings, press in place – and that's it.

All products are highly wash-resistant, UV-resistant and applied using solvent-free paints – for a healthy living environment.

All products with * correspond to the product quality of the sample in the collection.

Avec des papiers peints à impression numérique, vous pouvez créer une ambiance créative et riche en émotions. En un rien de temps, Kids' Walls transforme n'importe quelle chambre d'enfant en une jungle féérique, vivante, un ciel infini ou une faune enjouée.

Les couleurs comprennent des couleurs douces autant que des tons frais et dynamiques ou neutres et agréables.

Les frises pour enfants permettent d'apporter un changement rapide et simple dans la chambre. De plus, les designs allover sur un mur de la chambre d'enfants forment un accroche-regard intéressant. En combinant des papiers peints unis avec des frises ou des designs allover, vous pouvez créer des arrangements variés. Par ailleurs, les unis peuvent aussi être tapissés séparément, constituant ainsi une solution intemporelle et discrète. Les images murales de grandes dimensions sont particulièrement impressionnantes. Elles dessinent des univers fascinants sur les murs.

La pose des impressions numériques est simple. Tous les lés ont une largeur pratique de 0,53 m et peuvent être collés au mur en toute facilité: appliquer la colle sur la surface, poser le papier peint, appuyer – terminé.

Tous les produits sont ultra résistants au rinçage, aux rayons UV et sont fabriqués avec des peintures sans solvants – pour un climat d'intérieur sain.

Tous les produits marqués d'un * correspondent à la qualité du produit de l'échantillon de la collection.
